

Jaguar Club Breakfast sponsored by Waterfall Mica

Article appeared in Fever News

The Jaguar Club's Car Show took place on 24 November, 2012 and participants were treated to breakfast at The Co-ee Nut Cafe, by the management team of Waterfall Mica.

A total of 16 cars were showcased, ranging from Mk 2s, an XK 140 and XK 150 to a Jaguar/Daimler V8.

Doug and Shalene Knox had kindly agreed to display their XK 150 for the day. It, however, had been in Jack's workshop for several weeks to have power steering fitted. The power rack and pinion kit arrived earlier in the week and Jack worked around the clock to ensure that the vehicle was ready to be displayed. It was 8pm on Friday night before he was satisfied with his work.

The organisers had hoped to have a broad selection of Jaguar classics but were missing an XJS. Chris Swales came to the rescue and kindly loaned the Mica team his outstanding model.

Also deserving of special thanks are Peter and Vanessa Micklewright who flew to Durban from Maputo to ensure that there was an XK 140 in the line-up.

The event coincided with the launch of Maguire's car care products at Mica, and the area cordoned off in front of the store could hardly hold all the car enthusiasts who attended.

Ian and Maxine Ross, owners of Waterfall Mica, presented all attendees with great goody bags containing car care products and Mica vouchers. There was also a lucky draw wherein James Guimaraens, Rene Missen and Peter Micklewright won high-pressure water cleaners.

Memorable moments included Lorrie Henning arriving in his 1960's Trabant, and parking it amongst the pristine Jaguars, which was cause for much amusement.

A great time was had by motoring enthusiasts at the Jaguar Club's Car Show in association with Waterfall Mica
