

## Jaguars shine out in Waterfall

Article from autodealer 7 December 2012

The Jaguar Drivers Club of Natal made an impression in Waterfall with a display of 16 Jaguars and one Daimler recently.

The gathering comprised of Mk 2s, XK 140, XK 150, Jaguar Daimler V8, E Types (3.8, 4.2 and 5.3-litre roadsters and fixed head coupes), S Type 3.8, 420 G, XJ 6, XK 8 and an XJS.

The club was hosted by Ian and Maxine Ross, owners of Mica Waterfall, who treated the Jaguar members to a breakfast and gave goody bags containing car care products and vouchers for Mica.

The Jaguar owners had fun spending the vouchers in a store that tries very hard to be a "one stop" shop. They stock an enormous range of DIY, hardware, car products etc.

Glen Tayfield was on hand to explain the wide range of Holt's products available. Their octane booster was of particular interest to the guys running 9:1 compression engines.

During the display a rather tatty Trabant from the East German communist era arrived and parked amongst the beautiful and rare Jaguars.

The prankster was Laurie Henning in his 1960s Trabant station wagon - fitted with a smelly and noisy two stroke engine - an extremely rare estate thought to be the only one in SA.

Jaguar club members Rene Missen, Vincent Zimmerman, Ian Ross (Mica) and Ruben Cillier.

The Jaguar Drivers Club of Natal welcomes new members and for further details on the club you can phone Jack on 031 701 3849 or 082 445 5301 or Theo on 076 051 6323.
